Market environment main concern

Etteplan continued to post good growth figures in Ω_2 , but profitability came in slightly soft. Etteplan expects the demand situation to remain fairly good throughout 2022, but we see some added uncertainty going forward.

Continued good growth, profitability on the softer side

Etteplan reported fairly good Q2 results despite some softness in profitability. Revenue grew 18.9% y/y (10.3% organic excl. FX) to EUR 89.3m (88.8m/89.9m Evli/cons.) and EBIT amounted to EUR 6.8m (7.4m/8.0m Evli/cons.). The performance in Engineering Solutions was very good and slightly above our estimates while Technical Documentation Solutions and Software and Embedded Solutions performed below expectations. Group profitability overall was affected by increased travel and personnel event/training related expenses along with increased sick leaves and holidays. Organizational restructuring measures were implemented in Software and Embedded Solutions due to a weakened operational efficiency. Guidance kept intact, expecting revenue of EUR 340-370m and EBIT of EUR 28-32m in 2022.

Earnings uncertainty increased heading into H2

Based on management comments the market environment is expected to remain at fairly decent levels despite the uncertainty and some fluctuations. Our estimates remain largely unchanged, having slightly lowered our profitability expectations following continued weaker profitability in Technical Documentation Solutions and Software and Embedded Solutions. A normalization of the high level of travel and personnel expenses in Q2 should slightly benefit profitability but the faced challenges relating to operational efficiency appear unlikely to be fixed in the very short-term.

HOLD-rating with a target price of EUR 16.0 (17.0)

Etteplan's Ω 2 report overall was slightly on the softer and we perceive a slight increase in uncertainty related to the market environment, due to which we adjust our target price to EUR 16.0 (17.0), HOLD-rating intact. Etteplan's valuation currently remains justifiably above the peer median but potential upside remains limited in the current environment.

ETTEPLAN

Commercial Services & Supplies/Finland, August 11, 2022 Company update

COMPANY DESCRIPTION: Etteplan is a specialist in industrial equipment engineering, embedded systems and IoT and technical documentation solutions and services. The company is market leader in Finland and among the largest operators in the field in Sweden and one of the largest companies in Europe providing technical documentation solutions. Customers are leading global manufacturers of industrial equipment and machinery.

INVESTMENT CASE: Etteplan is in our view set to continue on a track of profitable growth. The comprehensive service offering and good market positioning provides organic growth opportunities while the company's M&A track record will see growth further boosted through acquisitions. Etteplan has achieved a solid level of relative profitability but some smaller challenges in Technical Documentation Solutions and Software and Embedded Solutions still remain. Bringing those service areas up to par and optimization of resources through an increase in Managed services and an increase in own software products could provide a further boost to margins.

Commercial Services & Supplies/Finland, August 11, 2022 Company update

Important Disclosures

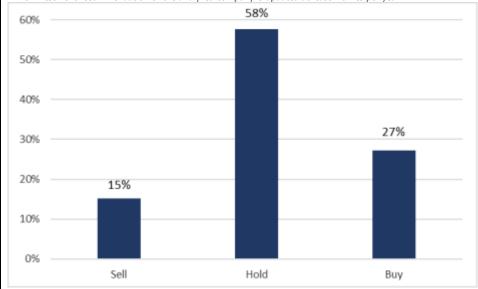

Evli Research Partners Plc ("ERP") uses 12-month target prices. Target prices are defined by utilizing analytical techniques based on financial theory including (but not limited to) discounted cash flow analysis and comparative valuation. The selection of valuation methods depends on different circumstances. Target prices may be altered on the basis of new information coming to light in the underlying company or changes in interest rates, changes in foreign exchange rates, other securities prices or market indices or outlook for the aforementioned factors or other factors that may change the conditions of financial markets. Recommendations and changes by analysts are available at <u>Analysts' recommendations and ratings revisions</u>.

Investment recommendations are defined as follows:

Target price compared to share price Recommendation

< -10 % SELL -10 - (+10) % HOLD > 10 % BUY

ERP's investment recommendation of the analyzed company is updated at least 2 times per year.

The graph above shows the distribution of ERP's recommendations of companies under coverage in 11th of May 2020. If recommendation is not given, it is not mentioned here.

Name(s) of the analyst(s): Salokivi

This research report has been prepared by Evli Research Partners Plc ("ERP" or "Evli Research"). ERP is a subsidiary of Evli Plc. Production of the investment recommendation has been concluded on 11.8.2022, 9:00. This report has been published on 11.8.2022, 9:15.

None of the analysts contributing to this report, persons under their guardianship or corporations under their control have a position in the shares of the company or related securities.

The date and time for any price of financial instruments mentioned in the recommendation refer to the previous trading day's closing price(s) unless otherwise stated in the report.

Each analyst responsible for the content of this report assures that the expressed views accurately reflect the personal views of each analyst on the covered companies and securities. Each analyst assures that (s)he has not been, nor are or will be, receiving direct or indirect compensation related to the specific recommendations or views contained in this report.

Companies in the Evli Group, affiliates or staff of companies in the Evli Group, may perform services for, solicit business from, hold long or short positions in, or otherwise be interested in the investments (including derivatives) of any company mentioned in the publication or report.

Neither ERP nor any company within the Evli Group have managed or co-managed a public offering of the company's securities during the last 12 months prior to, received compensation for investment banking services from the company during the last 12 months prior to the publication of the research report.

ERP may pursue an assignment from the issuer(s) of the financial instruments mentioned in the recommendation or this report. These assignments may have a limited economic or financial impact on ERP and/or Evli. Under such assignments ERP may perform services including, but not limited to, arranging investor meetings or –events, investor relations communication advisory and production of research material.

ERP has signed an agreement with the issuer of the financial instruments mentioned in the recommendation, which includes production of research reports. This assignment has a limited economic and financial impact on ERP and/or EVIi. Under the assignment ERP performs services including, but not limited to, arranging investor meetings or –events, investor relations communication advisory and production of research material.
