

EVLI USA GROWTH IA UNIT SERIES, YIELD UNIT, PAST PERFORMANCE OR VALUE DEVELOPMENT

This chart shows the fund's return as a percentage loss or gain per year over the last null years relative to its benchmark. It can help to assess how the fund has been managed in the past and compare it with its benchmark. Past performance does not allow reliable assumptions to be made about future performance or value. Markets may develop very differently in the future.

— Fund — Comparison index

The fund unit series has been in operation since 6.9.2022. The fund series does not yet have a sufficient performance history to show historical performance information in the chart. The return shown is net of recurring charges. Historical returns are calculated in euros. The benchmark index for the fund's return is MSCI Daily TR Net USA USD.
